The fall semester is now underway and we have an exciting program to offer you again this year. We look forward to seeing everyone at our lectures and invite you to join our receptions after each talk. For additional information about our program or AIA membership, please contact Mary Voyatzis at the above phone number or via email at MEV@u.arizona.edu. Please note the location and times of our talks this fall. The October 12th lecture will be held in the Biosciences East building, located on the corner of Fourth and Highland Streets, south of the Student Union and the Chemistry building. The November 2nd lecture will be held in the Swede Johnson Building, at the corner of Cherry and Speedway (1111 N. Cherry), with parking available behind the building. The November 29th lecture will take place in a more familiar location, the Franklin building, on Park Avenue and Fourth Street. In addition to our local lectures, the Phoenix Chapter of the AIA also has a full and interesting program this year. For more information, please contact Michael Pechacek (602-439-5948). All AIA lectures are free and open to the public.
