

ARCHAEOLOGICAL INSTITUTE OF AMERICA

Tucson Society

Department of History
Social Sciences Building #215
PO Box 210027
University of Arizona
Tucson, AZ 85721-0027
520-626-8428

The Tucson Society of the AIA invites you to join us for another rousing round of activities this spring. All members, friends and guests are encouraged to attend the lectures and stay for the witty archaeological repartée at the receptions following each talk. Please take careful note of the day of the week and the location for the talks, as these vary. For those coming from off campus, the closest parking garage for Harvill, Chavez and the Student Union is the one on Second Street, between Mountain and Highland. We also want to encourage you to attend the firing of the Tucson Society's reconstruction of the ancient Greek kiln, where one can enjoy relaxed conviviality and pursue experimental archaeology at the same time. This intriguing project made use of funds awarded our society as the very first recipient of the AIA Local Society Incentive Grant. For more information about your local AIA, and photos of the kiln in action, visit our website at <http://aiatucson.org/>. If you need additional information about our program, AIA membership, or directions to the buildings, please contact Alison Futrell at 520-626-8428 or via email at afutrell@u.arizona.edu.
