Tucson Society

Department of History
Social Sciences Building #215
PO Box 210027
University of Arizona
Tucson, AZ 85721-0027
520-626-8428

The Tucson Society of the AIA invites you to join us for another provocative program this fall. All members, friends and guests are encouraged to attend the talks and linger for the refreshing banter on matters archaeological at the receptions following each presentation. Please take careful note of the day of the week and the location for the talks, as these vary. For those coming from off campus, the closest parking garage for Harvill and for Chavez is the one on Second Street, between Mountain and Highland, located in close proximity to the Student Union. If you need additional information about our program, AIA membership, or directions to the buildings, please contact Alison Futrell at 520-626-8428 or via email at afutrell@u.arizona.edu. We also want to invite you to another firing of the Tucson Society's reconstruction of the ancient Greek kiln after the weather cools; spectacular sunset views will provide a backdrop for hands-on archaeological experimentation. This ongoing project, which was awarded initial funding from the first-ever AIA Local Society Incentive Grant, continues to refine our understanding of ancient ceramics technology. For more information about your local AIA, and photos of the kiln in action, visit our website at <http://aiatucson.arizona.edu>.
